FEEDBACK ANALYSIS AND ACTION

TAKEN REPORT 2022-2023

The feedback provides an opportunity to find out the loopholes so that the quality can be improved of any program/ stream. To get an overall idea of the syllabi of various courses offered by the university, the college maintains an institutional-level feedback report. The Institute has formed the 'Feedback Committee'. The said committee is supposed to collect and analyze the feedback forms from students, teachers, alumni, and professionals. The purpose is to monitor and evaluate the performance quality on curriculum and curriculum-related issues.

Feedback Collection Process:

Every year feedback on the curriculum is collected mostly from the final year students as they have an overall idea of the curriculum. The Feedback Committee has developed a feedback form for students, teachers, alumni, and employers. The questions are framed in such a way that they address the curriculum and its learning-related issues in terms of quality, competence, and skills. The feedback also focuses on the delivery of curriculum by teachers.
